Verse 1

Gumdrops fall from your lips like poison
Sweet, deadly, for years I listened
To all the lies you ever told me
For all the dreams you ever sold me
I'm taking what little of me is left

Verse 2

I won't second guess myself
I've done so for too long
I'm tired of being scared
And now I'm reborn
From all the lies you ever told me
I'll burn the dreams you ever sold me
I'm stepping into my brand new skin

Bridge

Those gumdrops from your lips, they're poison.
Your gumdrops are full of lies. Your gumdrops fall from my eyes.

Verse 3

Take this as your release, I'm leaving
I'll grant you peace for one season
I won't forget the lies you told me
I won't forgive the dreams you sold me
But I'm taking back the me that's left

Coda

Your gumdrops are full of lies. Your gumdrops fall from my eyes.
I'm taking control of my life, hey!
